

# June Update

2009

Together We Are Improving our Community!

## Streetscapes

The VSH streetscapes, including lighting, trees and wide sidewalks, will begin at Holiday Place and AT&T locations in the next couple of weeks.

## Sidewalks! Sidewalks! Sidewalks in the Village!

After three and a half years of planning, our new sidewalks are nearing completion. Please use the opportunity while out walking on the new sidewalks to help keep our community neat by picking up the litter on the sides of the road.

## The Plaza

The planter in the plaza in front of the new CVS has been built and bricked in and is being prepared to become home to our Village Clock sometime in September.

## Intersection Improvements

Improvement to the intersection of Old Shell and McGregor Avenue is to begin mid-June and will be completed by August 2nd, just in time for school. Most of the work involving lane closure is scheduled to be done on the weekends between 6 p.m. Friday night and 7 a.m. Monday morning to minimize the impact on traffic.

*Achieving*  
OUR  
**Goals**

At our first community meeting back in March of 2006 the community voiced its wish for sidewalks, trees and improved aesthetics. These suggestions became the goals of the Village of Spring Hill for the next 3 years. These goals are now coming to fruition. *And there is more to come, so stay tuned!*

Please forward this message to all your friends. Help us by sending us emails of anyone not on our mailing list so we can keep everyone in the community informed about future improvements.
